Homeworld

"YOUR PAST IS A LIE, YOUR FUTURE IS IN JEOPARDY, AND YOU'RE 35,000 LIGHT YEARS FROM HOME"

Taking the Real Time Strategy genre to new levels, the award winning **Homeworld** allows players to command a massive starfleet on a journey to the heart of the galaxy. Combining elements of space combat, strategic play and action within a three dimensional space, Homeworld offers players the unparalleled freedom to engage in combat from any position, commanding the smallest scout ship to an entire armada.

The epic tale begins in the centre of a lush spiral galaxy. For as long as anyone could remember, no one challenged this peaceful existence. Then the conquerors came, wiping out billions and relocating survivors to a lifeless planet on the edge of the galaxy. Now the time has come to return home….

A revolutionary step in gameplay and technology, with a storyline extended over 16 single player missions and two races, all in cinematic quality 3D environments, **Homeworld** will leave you breathless.

"The most beautiful, dramatic strategy game ever. Full stop."
PC Gamer

- A unique blend of existing game styles – including the core space combat elements, combined with strategic planning and action elements.
- Extraordinary 'true' 3D engine for a completely fresh real-time gaming experience where danger can appear from any angle.
